No. 13250-1 / Mis. 1962

Revising the scale of pay of the compounders employed in the various hospitals and dispensaries in the State.

M.G.C.P.B.—5-7-96—200.

3

*Proceedings of the Government of Mysore,*

(1)

READ:—

Letter No. 2370, dated 4th April 1896, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, to the Secretary to the Government, General and Revenue Departments, Bangalore.

In reference to your docket No. 13635—G. 3095, dated 4th March 1895, calling for a proposition statement of compounders in the prescribed form, I have the honor to forward the required statement marked A and to recommend that the Government will be pleased to sanction the revised scale proposed.

2. The necessity for the revision having been explained already at some length in my letters Nos. 1509 and 1127 of 2nd November 1888 and 1st October 1894, respectively, there appears to be no necessity to repeat it here, but suffice it to say that the difficulty of getting educated men of good caste for employment as compounders could be surmounted if the proposal is approved of by Government and sanction accorded thereto.

3. It will be observed from the abstract statement marked B, that there are at present 107 compounders employed in all the hospitals and dispensaries of the province. Of these compounders 40 can read and write English; 87 can read and write Kanarese; 10 can do so a little, and 11 illiterate; the whole consisting of 93 caste men and 14 non-caste men.

4. As regards ability in their work, 42 can be entrusted with making up prescriptions while 65 cannot be so entrusted without supervision.

5. In respect to service rendered there are 58 individuals who have put in 3 years and under; 26 from 4 to 6 years; 13 from 7 to 10 years; and 10 from 11 to 20 years; and their pay ranges from Rs. 5 to Rs. 15 per mensem as shown below:—

| | | | |
|---|---|---|---|
| 1 | on | Rupees 5— | per mensem. |
| 2 | on | „ 6— | do |
| 90 | on | „ 7— | do |
| 1 | on | „ 9— | do |
| 11 | on | „ 10— | do |
| 1 | on | „ 12— | do |
| 1 | on | „ 15— | do |
| Total | ... | 107 | |

6. The scale of pay suggested in my letter No. 1127 of 1st October 1894 was adopted in the preparation of the proprosition statement, as I consider that the scale as in use in the Madras Presidency is rather too high as will be seen from the following table:—

| As proposed in Mysore. | Rs. | As in use in the Madras Presidency. | Rs. |
|---|---|---|---|
| During the 1st 3 years of service ... | 8 | During 1st 5 years of service ... | 9 |
| From 4 to 6 years ... ... | 10 | From 6 to 10 years ... | 12 |
| From 7 to 10 years ... ... | 12 | From 11 to 20 years ... | 15 |
| From 11 to 20 years and upwards ... | 15 | Over 20 years ... | 18 |

7. The hospitals at Mysore, Shimoga and Chitaldrug, which have been hitherto without compounders, have been provided for in the scheme and an uniform rate of pay, of Rs. 10 to begin with, fixed in the case of others were the pay was below Rs. 10, for the sake of uniformity and on account of the more onerous and responsible nature of the work performed by them in the District Hospitals.

8. It is proposed in the statement to employ an additional female compounder at each of the hospitals noted in the margin as there are in the City Hospital, Bangalore, and the General Hospital, Mysore, female departments under the management of the female hospital assistants appointed solely for the treatment of female patients; and in the case of the maternities at Bangalore and Mysore female compounders are necessary. The pay of these female compounders is to be Rs. 10 each per mensem to begin with, and it is intended to employ young intelligent women of good character.

1. Government City Hospital, Bangalore.
2. Maternity Hospital, Bangalore.
3. General Hospital, Mysore.
4. H. H. the Maharani Hospital, Mysore.

9. Necessary steps will be taken in regard to men already in service who are deficient in the art of compounding by making them to learn the work in the major dispensaries for some months, failing which, that is to say, if they fail to show any improvement in their knowledge they are to be removed as soon as men with the required education are trained as compounders for at least 3 months at one of the district head-quarter hospitals, during which time a subsistence allowance of Rs. 5 per mensem might be given them.

10. The delay in the submission of the statement was in consequence of the individual statements received from the medical officers and subordinates having had to be returned to them for correction, &c., more than once.

11. In conclusion I am to say that the proposal involves an extra expenditure of Rs. 320 per mensem which may seem rather high, but in such a case as this safety of the public and efficiency of the work to be done have to be considered.

No. 13250-1—Mis. 1962, DATED, BANGALORE, 8TH JUNE 1896.

ORDER THEREON.—In the letter read above the Senior Surgeon brings to notice the long felt want of good and efficient compounders for the various hospitals and dispensaries in the province, and also the importance of securing educated and high caste men for the important work of compounding medicines. To supply this want he proposes to make the pay of this class of officials sufficiently attractive by raising the existing scale of emoluments, and he accordingly submits a proposition statement involving a net increase of Rs. 320 per mensem to be met from the following sources :—

Rs. 44 from the Provincial Funds.
„ 273 from the District and Municipal Funds, and
„ 3 from Yelandur Jaghir.

Rs. 320

2. The above proposition statement also provides for six new female compounders being entertained on Rs. 10 each at the marginally noted hospitals, thus raising the total number from 107 to 113.

1. Government Hospital, Bangalore.
1. Maternity Hospital, Bangalore.
2. General Hospital, Mysore.
1. H. H. the Maharani Hospital, Mysore.
1. Civil Hospital, Chitaldrug.

3. Of the compounders already in service, 107 in number, 65 are said to be deficient in the art of compounding. The Senior Surgeon proposes to give such persons a chance of qualifying themselves by a course of training in the major dispensaries. In the event of their failing to prove themselves useful he proposes to re-place them by persons trained in one of the head-quarter hospitals for at least 8 months, during which period they will be paid Rs. 5 a month as subsistence allowance.

4. These proposals of the Senior Surgeon commend themselves to Government and the same are hereby sanctioned.

C. SREENIVASIENGAR,
*Secy. to Govt., Gen. and Rev. Depts.*

To—The Senior Surgeon.
The Comptroller to the Government of Mysore.

Exd.—H.A.R.

GOVERNMENT OF INDIA

Mysore. 5
16

Dear Srinivas Aiengar Conf 43-42

I duly received your Lr. Regarding the furniture to be supplied to the Museum Dispy as well as the question of appointg a Compositor Compounder for the same - The Commissioner to whom the subject including the reply to the Dy Commissioner was duly signed & despatched on Monday last should be ere now reached your office - In it the Dy Comr states that the tender for the furniture etc has been sent to the Supdt of the Mysore Jail for Compliance - I shall look into the matter myself at an early date Regarding the appointment of a Compositor Compounder this is a more difficult matter.

11

The enclosed petition was forwarded
to me by the Plague Commissioner,
it has occurred to me, that perhaps
if Govt would sanction a Salary
of not less than Rs 30/ per month
he might be disposed to accept
of it - The petitioner is well known
to me. ~~He~~ as a reliable man
& one who possesses a. very fair
knowledge of both languages
has my recommendation. I think that
if he were put thro a course of
say 3 months training in the Civil
Hospl. Mysore - Surgeon that
he would do very well & deserve
for the appointment. He has
a very fair knowledge of English
& is acquainted with nearly all
the Vernacular languages -

The only other alternative
is to post a 3rd Class Hospl
Assl. to the Dispy & a dresser
to the Med' Officer & charge the

Should in my opinion be held the
Station of a Post Asst-Surgeon I need
not however with so many Hospitals
Post Asst-Surgeons in Plague duty there is a
paucity of hands. I think the
Arrangement I have suggested
both do. My work.

Believe me

Yours very sincerely

Surgeon General

Misc 43-1[illegible]

Respected Sir,

I the undersigned son of the late Mysore Palace Surgeon Dr. Jagannathum Naidu beg to submit the following for thy benign consideration.

That I have been and also am practising in India both English and native all over the seringapatam Dt. and I have also opened small dispensaries at Palahalli Kasabally, Belagola, Seringapatam, Ganjam Darasu coopal, Malavalli Kathania hally, Aruvoo cheluva urs Coopal and Emmanala Coopal to meet the constant demands there and from the surrounding villages and have a good many Admissions every month producing on the average a favourable result of 98 per cent and most of the poor are treated free and I command a good reliance all over the Villages that I am amply paid and I certify that most of the Villages I visit, is in great want of Sanitation which I do check and advise poor Ryots likewise of time and often on my every visit and inspection.

That the Mysore benign Government has now undertaken to check the deadly plague epidemic from the affected parts and hence likewise to have some establishment there for to protect the Ryots.

3. Being further the late Dr. Jagannathum Naidu having had served in many Native States as Palace Surgeon Mysore Palace, lastly and earned renowned name where ever he served and his services having been so pleased with, even by His Highness the late Krishna Rajah that my brother P. Ramanujam

P. Ramanujulu Naidu Garu is appointed to two places on my father's death and the latter P. Ramanjulu Naidu also to the misfortune of his family did not all enjoy the honorable gift long to inspire the then scattered family with the father's death but met an early death despairing the bereaved family entirely and to renew the destroyed hold in the Government once more and to have kind protection to the fallen family I beg to apply as a Candidate for one of the establishment Sanctioned for the plague duty and thus protect me.

For which act of favour and kind encouragement I shall ever pray

I beg to remain
Respected Sir
Your most obedient
Servant

OFFICE OF THE President of the District Funds &c.
MYSORE DISTRICT,

Dated Mysore 25-July 1898

To

*The Secretary to the Government of Mysore,*
*General and Revenue Departments.*

SIR,

With reference to Government order No. 13131 Mis. 2801 dated 14th April 1898 enquiring whether the District Funds and Municipal Boards are willing to pay in the usual proportions the salary proposed to be given to a literate compounder for the Hanur Dispensary, I have the honor to state that the Municipal Board of Hanur does not agree to contribute its quota of cost owing to the paucity of funds. I concur with it, since the estimated closing balance for 1898-99 is less than the prescribed minimum and the Municipality cannot be made to bear any extra cost.

2. As regards the quota payable from District Funds, I am to state that the amount now paid on account of the medical institutions is Rupees 8309 or 11.2 per cent of the income. Hence an extra charge cannot be borne by the Board. There is already a reference pending, requesting the

the Government to relieve the Board of the maintenance of some of the dispensaries in the Mysore City Municipality

3. Although I am in favor of the proposal to entertain a liberate compounder, at Hanoor, the two boards are too poor to bear the cost, and therefore beg to suggest that it may be met out of the Medical Budget.

I have the honor to be,

Sir,

Your most obed. servant

President, District Fund Board
Mysore District.

FROM

THE FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 27 July 1898.

SIR,

In para 3 of his letter No.0-103 dated the 24th October 1897,( copy of which was sent to you with my letter No.4698 of the 6th November 1897), the Officer in charge of the Hunsur Commissariat Cattle Depot brought to notice that during the absence of the hospital assistant, the hospital at Hunsur was left in charge of a Compounder who was a discharged depôt bullock driver, and suggested the appointment of a competent person as Compounder.

2. The Resident will be glad to know if any action has been taken in this matter.

I have the honor to be

Sir,

Your most obedient servant
